## Zoofy's Quality Guarantee

At Zoofy, we place great importance on quality and professionalism. That's why we carefully screen all tradespeople before they can join us. During their first few jobs, we closely monitor their performance. We assess both their craftsmanship and customer satisfaction on various factors, including the quality of their work and feedback from clients. Only when they meet our high standards can tradespeople take on more jobs through our platform. This ensures that your task is always in good hands.

## Warranty Package Terms and Conditions

To claim the Warranty Package, you must have selected this option and paid the full invoice. Within 30 days of the initial job date, provide the opportunity to complete the job or repair the job, which is covered by the Warranty Package.

If you have a problem and choose to have it resolved by another party, the Warranty Package becomes void. The cost of the Warranty Package cannot be refunded in such cases.

## What does the Warranty Package cover?

If something goes wrong during the warranty period, the Warranty Package offers compensation of up to €1,000 per job. This compensation may be provided in the form of a coupon, additional work, or a refund, depending on the situation.
